Larry Miller, Bruce-Grey-Owen Sound

| Name | Not long ago, Liberal MP Ruby Dhalla introduced Bill C-428 to amend the Old Age Security Act to reduce the residency requirement for entitlement to a monthly pension from ten years to three years. |
| Address | I have been in touch with many constituents who are deeply concerned about the message that this Bill is sending to new immigrants and the Canadian people. To new immigrants, the bill is announcing that Canada and Canadian society is ready and willing to give them benefits that they did not spend their lives earning. To the Canadian people, this bill is conveying the message that Canadians who spend a lifetime of work and dedication to this great country are second in line to people who have never given what they seek to take from Canada. |
| City/Town | As your MP, it is my promise to fight this irresponsible and unbalanced legislation, and to continue to do my utmost for you and for this great country. |
