Hi Don

following up on our phone conversation last week:

Hi Don –

We spoke on the phone about a week ago about a ladies’
tennis time reservation on the courts at Bluewater Park.

Since the disbanding of the Bluewater Tennis Club, and handing over the keys to the town, a number of
ladies have gotten back to me about perhaps establishing a specific time when we could have the courts
reserved for our use.

You thought
that this wouldn’t be a problem for the council, but that it would have to be put to a vote. So, having
written to the previous members of the club and having waited for their responses there seems to be interest
in that proposition. Here is what they have said:

If a small town has a tennis court for public use it is often the case where a certain time has been put aside for
the exclusive use of tennis players who wish to play on a regular schedule and can depend on a time being
available.

Having the courts being used properly and with the requisite respect for the facility is always a good thing
for public courts.

Our regular play might encourage new participants to join us, which we would welcome.

A significant and recent renewal of the court surface has raised the level of the appearance and viability of the
site. If it is going to evolve as a facility in a certain direction, especially since the gate will be unlocked during
the summer season, we should support as much strictly tennis use as possible.

We would like to carry on with the 6:00 – 8:00 p.m. Monday and Wednesday routine we have followed in
the past. It’s suitable for working ladies and leaves the courts open during the day.

Hope to hear from you soon -
thanks, Pam
